Movember Teeth and Sheath Promotion

In the spirit of Movember and changing the face of your gelding's health we are offering a promotion to help raise money for Movember!

For the month of November when you have your gelding's teeth floated we will include a complimentary sheath cleaning at the same time in exchange for a cash donation from you to "Movember".

Regular dental care is an important part of keeping horses happy, healthy, and pain-free. Additionally, regular sheath cleaning is important to a male horse's health to check for beans and lesions which could indicate early genital cancer.

Last year with your help we were able to donate over \$700 to the cause.
For more information on Movember visit: <http://ca.movember.com/>

****Appointments must be within our regular service areas.
Additional sedation, if required, will be charged****

**Call the office to book your November appointment today.
Campbellville/Niagara/Caledon 866-856-3260
Newmarket 855-898-0370**
